**Planning for the future helps us to get what we want or need.
Managing money can be tricky; it's easy to lose track of spending
and end up not being able to make ends meet.**

Learning how to budget is a simple way of managing your money.
During this introduction, students will learn:

- What a budget is
- Planning how money is spent
- Keeping spending under control
- Track everything that is coming in and going out

*Free for those on means tested benefits (Universal Credit, JSA, Income Support, House Benefit, Council Tax Benefit etc.) or low income (earning less than £17,374 per year).
